

Alameda Municipal Power (AMP) is holding a virtual town hall meeting to kick off the planning for the next Underground Utility District (UUD) project. UUD projects relocate all overhead utility lines within the district to underground. The proposed areas are:

1. **Webster Street Crossings** – all crossings from Taylor Avenue to Buena Vista Avenue including Eagle Avenue, west of Constitution Way; and along Central Avenue from Eight Street to Webster Street.
2. **Broadway** – from Buena Vista Avenue to Clement Street.

The purpose of the town hall is to begin collecting feedback on the proposed UUDs. During the town hall, you will hear a presentation on the history of undergrounding in Alameda, an overview of the Undergrounding Program, the status of undergrounding and the next steps.

You are receiving this notification because you own or lease property within one of the proposed districts. The details of this event are:

Title: **UUD Program Town Hall Meeting**  
Date/Time: **Wednesday, September 25, 2023, 6:00 PM to 7:00 PM**  
Link: <https://bit.ly/UUDTownhall>

You may submit questions or feedback on the Undergrounding Program via email at: [UndergroundAmp@alamedamp.com](mailto:UndergroundAmp@alamedamp.com). Should you not be able to attend, the event will be recorded and made available at <https://www.alamedamp.com/262/Undergrounding>.

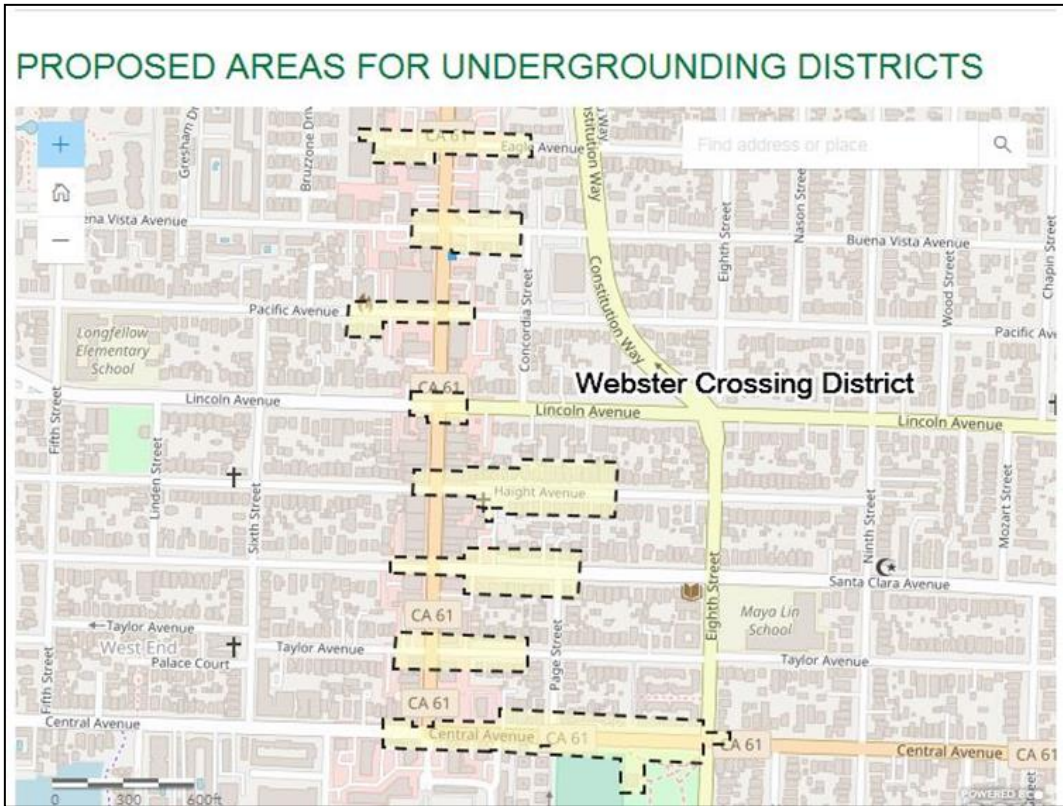

If you would like to be added to an Undergrounding email list, please submit your information here: <https://bit.ly/UUD-emaillist>. You may also be directed to this link at the below QR code:

Sincerely,

Gary Spenik  
Utility Project Manager

**Webster Street Crossings**

**Broadway – Buena Vista Ave to Clement Street**
