About Alameda Municipal Power

Alameda Municipal Power (AMP) was founded in 1887 and is the oldest municipal electric utility in California and is among the oldest in the nation, public or private. AMP is governed by an independent Public Utilities Board that was created in 1930 to ensure that the utility would remain under local control and generate a return to the community.

Customer Accounts

- Total Customer: 35,679
- Residential: 31,850
- Commercial: 3,829

Key Facts

- AA RATING from Fitch Ratings
- AWARDED: American Public Power Association’s (APPA) platinum Reliable Public Power Provider (RP3)
- ANNUAL BUDGET: $69 million

Generation Resources

- 100% clean energy mix includes geothermal, hydroelectric, wind and landfill recovery.
