

**ALAMEDA MUNICIPAL POWER
INTERCONNECTION AGREEMENT
FOR FEDERAL AGENCIES**

For Federal Agency Owned or Operated Eligible Renewable Electrical Generation Facilities

This Interconnection Agreement (the “Federal Agreement”) is for a federal agency owned or operated Net Energy Metering (NEM) Eligible Generation Facility expansion and a new or modified existing Eligible Renewable Generation (ERG) Facility. Modifying or Expanding an existing Generation Facility includes but is not limited to: (a) installation of additional generation capacity; and (b) installation of an Energy Storage System. This Federal Agreement is made as of the Effective Date as defined in the General Conditions. This Federal Agreement is made by the Parties identified in Section 1 (“Parties”). Capitalized terms not defined when used are defined in Section 1 Definitions of the General Conditions applicable to this Federal Agreement, which General Conditions are hereby incorporated by reference as if fully set forth herein.

*****THIS INTERCONNECTION AGREEMENT SHALL ONLY BE AVAILABLE TO FEDERAL AGENCIES*****

Section 1. PARTIES

The Parties to this Federal Interconnection Agreement are:

The CITY OF ALAMEDA, a municipal corporation, doing business as ALAMEDA MUNICIPAL POWER (“AMP”) and,

the federal agency (“Customer”) and as identified in the box below:

AMP INTERCONNECTION AGREEMENT

For Federal Eligible Renewable Electrical Generation Facilities

Approved by PUB Resolution No. 5152 (September 17, 2018)

This Rev. No. 3.0 supersedes all prior versions in full

Section 2. TERM

The term of this Federal Agreement is ten (10) years from the Effective Date unless it is earlier terminated as set forth in Section 16 of the General Conditions applicable to this Federal Agreement.

Section 3. CONDITIONS TO INTERCONNECT

3.1 The Customer may interconnect a Generation Facility to AMP's Municipal Power Supply System with the specifications identified in AMP's Interconnection Agreement General Conditions, AMP's ERG Plans and Installation Requirements, and AMP's Rules and Regulations, all of which are incorporated into this Agreement as if fully set forth herein. In addition, the Customer agrees that:

- 3.1.1** The Generation Facility is intended primarily to offset part or all of the Customer's own electrical requirements at the service address;
- 3.1.2** The Customer will not sell to any third person or otherwise provide electricity from the Generation Facility to any real estate parcel, premise, or location other than the Premises that are the subject of this Agreement;
- 3.1.3** In order for Generation Facilities with Energy Storage Systems to qualify for net energy metering or eligible renewable generation compensation, such Facilities shall be Non-Export Generation Facilities and will not be permitted to send energy back onto the AMP Municipal Power Supply System outside of Inadvertent Export;
- 3.1.4** The Generation Facility shall be constructed, installed, operated, and maintained as described in this Agreement; and
- 3.1.5** The Customer is an "Eligible Customer-Generator" pursuant to Section 2827(b) of the California Public Utilities Code as now in effect or as the same may be amended from time to time.

Section 4. APPLICABLE TARIFFS AND OTHER REQUIREMENTS

4.1 This Federal Agreement incorporates the following AMP documents, as all may be amended from time to time, by reference as if fully set forth herein, all of which are available electronically for inspection at www.alamedamp.com:

- 4.1.1** AMP's Rules and Regulations;
- 4.1.2** AMP's Rider NEM;
- 4.1.3** AMP's Rider ERG;
- 4.1.4** AMP's Interconnection Agreement General Conditions;
- 4.1.5** AMP's ERG Plans and Installation Requirements; and
- 4.1.6** AMP's Eligible Renewable Generation Application, executed by the Customer.

AMP INTERCONNECTION AGREEMENT

For Federal Eligible Renewable Electrical Generation Facilities

Approved by PUB Resolution No. 5152 (September 17, 2018)

****This Rev. No. 3.0 supersedes all prior versions in full****

- 4.2** AMP may, from time to time, modify its Rules and Regulations, Rider NEM, Rider ERG, Interconnection Agreement General Conditions, and ERG Plans and Installation Requirements. Any such amendments would require action of the Public Utilities Board at a duly noticed public meeting. All amendments to such documents will be made available on the AMP website.
- 4.3** In the event of any conflict or inconsistency between the documents associated with this Federal Agreement, the AMP document that controls shall be as follows: (a) Rules and Regulations govern over all other documents; (b) Rider NEM and Rider ERG govern over all other documents except the Rules and Regulations; (c) Interconnection Agreement General Conditions governs over all other documents except the Rules and Regulations, Rider NEM, and Rider ERG; (d) ERG Plans and Installation Requirements govern over the Eligible Renewable Generation Application and this Federal Agreement; and (e) the Eligible Renewable Generation Application, executed by the Customer, governs over this Federal Agreement.

Section 5. PAYMENT FOR POWER

AMP shall compensate the Customer for net surplus electricity in accordance with:
(check eligible Rider)

- Rider NEM (for existing NEM customer-generators modifying their system)
- Rider ERG (for all new interconnections or existing ERG customer-generators)

Section 6. NOTICE

Any notice to AMP required by the Federal Agreement shall be provided to AMP in writing as follows: Alameda Municipal Power, 2000 Grand Street, P.O. Box H, Alameda, CA 94501 ATTN: General Manager. For emergencies, Customer shall contact AMP's 24-hour emergency number, (510) 748-3902.
